

RESOLUTION No. 05-038

A RESOLUTION OF THE GOVERNING BODY OF THE CITY OF WICHITA AUTHORIZING THE IMPLEMENTATION OF AND FUNDING FOR AN EMERGENCY RESPONSE AND DEBRIS REMOVAL PLAN TO ADDRESS THE DAMAGE CAUSED BY THE JANUARY 4-5, 2005 ICE STORM

WHEREAS, the ice storm of January 4-5, 2005 caused significant damage throughout the City of Wichita, primarily from falling trees and tree branches, collapsing from the added weight of the ice; therefore it is necessary to undertake emergency measures and implement a debris removal plan to assist the most severely affected citizens and neighborhoods, and

WHEREAS, there are several City departments taking extraordinary measures to assist storm victims, clean-up damaged areas, open roads, and restore public services to those affected by the ice storm and such emergency measures require contracting for debris removal, purchase of tools and equipment, and payment of overtime to City staff, and

WHEREAS, it is necessary that a project account be established to isolate costs associated with such emergency response and debris removal efforts, and

WHEREAS, a majority of the emergency response costs can be absorbed within the respective departments' budgets, reflected in the project and offset by a transfer from the department's budget; however, there are costs, including temporary help, contracted debris removal from local vendors, and equipment rental/purchases that cannot be absorbed, and

WHEREAS, it is anticipated that much of the City's expenses for matters such as overtime and non-personnel expenses will be reimbursed, making it necessary to isolate costs in a project, to enable the City to report costs eligible for reimbursement from the Federal Emergency Management Agency (FEMA), and

NOW THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF WICHITA THAT;

1. The Governing Body of the City of Wichita hereby authorizes the implementation of the emergency response and debris removal plan caused by the January 4-5, 2005 ice storm.
2. The Governing Body of the City of Wichita hereby approves the establishment of such project and project budget.
3. The Governing Body of the City of Wichita hereby authorizes the City Manager to use the "public exigency" provisions of the City's purchasing ordinance and designated emergency management functions to expedite the acquisition of contractual services, equipment and supplies as necessary to address the damage caused by the ice storm emergency.

4. The Governing Body hereby authorizes the use of general funds for expenses that cannot be absorbed in departmental budgets and the necessary budget adjustments.

ADOPTED BY THE GOVERNING BODY OF THE CITY OF WICHITA, this
day of January 6, 2005.

Carlos Mayans, Mayor
